ABOUT MEET THE NEED 2024

DECEMBER 5-6

MARRIOTT DOWNTOWN COLUMBIA, SC

Flourishing Families of SC, in collaboration with South Carolina Department of Social Services, is hosting a two-day training, Meet the Need: South Carolina's Statewide Training on Adoption. Meet the Need 2024 offers two days of trauma-focused attachment-based training for up to **400 attendees**. The focus of this year's training is to increase our capacity and competence in meeting the complex needs of our children as *adoptive parents, adoption professionals, clinicians, legal professionals, and state agency leaders*.

Meet the Need 2023 was a huge success! Our first ever statewide training on adoption featured a variety of sessions, speakers and exhibitors who all have the same goal: to meet the needs of families effected by childhood trauma. Meet the Need 2023 hosted over 200 guests, and we are hoping to have more guests next year!
